Colloquium of the Institute of Physical Chemistry

Monday, 23.10.2023
Prof. Dr. Julian Oberdisse
Laboratoire Charles Coulomb, University of Montpellier and CNRS, France
Polymer and nanoparticle structure (or not) seen by scattering: microgels and nanocomposites

Tuesday, 07.11.2023
Prof. Dr. Dominik Bucher
Technical University of Munich, Germany
Nano- and microscale NMR spectroscopy using spin defects in diamond

Tuesday, 30.01.2024
Prof. Dr. Arri Priimägi
Tampere University, Finland
Liquid crystal network actuators inspired by life (??)

Tuesday, 06.02.2024
Prof. Dr. Anna Schenk
University of Bayreuth, Germany
Hydration-responsive composite materials: (Bio)minerals in motion

Time: 16:00
Room: V55.21
