

Summer semester 2024

# Colloquium of the Institute of Physical Chemistry

Tuesday, Prof. Dr. Kai Zhang  
30.04.2024 Georg-August-Universität Göttingen, Germany

**What biomass-derived compounds can provide us: from optical to mechanical properties**

Tuesday, Prof. Dr. Emanuel Schneck  
14.05.2024 Technical University of Darmstadt, Germany

**Shedding light onto the structure of amphiphilic layers with x-rays, neutrons, and molecular simulations**

Thursday, Prof. Dr. Silvia Vignolini  
20.06.2024 Max Planck for Colloids and Interfaces, Potsdam, Germany  
University of Cambridge, United Kingdom

**Biomimetic Colour Engineering: from nature to applications**

Time: 16:00

Room: 4.361  
Pfaffenwaldring 55  
70569 Stuttgart
